

School work at home for Ms. Lane's Class

Week 1st -5th February 2021

Charleville CBS Primary

Hello boys,

I hope you all had a nice weekend. Thank you for all the excellent work submitted last week and for working so well during our live lessons.

Please find the work for this week outlined below. Please try your best with the work. There is no pressure to get all activities completed but try to do as much as you can.

Please use Microsoft 365- Teams- Class Notebook to submit your work. You may use Outlook (email) for communication and clarification purposes. Please watch the following tutorial on how to upload your work: <https://youtu.be/HxBVOADPvro> If you have any issues using Microsoft 365, khan academy, read theory etc., please contact me. You have all the log in/usernames and passwords in your homework journal.

The Cork GAA Rebel Óg have created some at home PE lessons for 5th and 6th class. The links to the videos are in the PE section. There are also links to virtual tours of the Cliffs of Moher, Giants Causeway and Cork City Gaol in the History and Geography sections.

We will have two online classes this week using Teams again, I will notify you of the times for these via email. Well done to all the boys for logging on and engaging so well in the live lessons!!

Answers will be emailed on Friday to help with corrections. I am so proud of all of you and am looking forward to being back in our classroom soon!

Please email me on paulalane@charlevillecbsprimary.ie if you have any questions or need any further information.

Ms. Lane ☺

Geography

Small World Geography/ Science Unit 7: Light

- Read pages 38-40

Solar energy is energy provided by the sun. By 2030, solar energy is expected to power 13% of the world. Ireland's production of solar energy is anticipated to gather momentum as individuals and businesses embrace this renewable and clean form of energy.

Ireland's temperate climate is perfectly suited to the development of solar energy as our lower temperature significantly improves the performance and lifetime of solar cells.

- Page 40 Activity A Q1-10
- Design a solar powered invention. Draw and label your invention and write a few lines about how it works.
- Write three benefits of using solar energy.
- Try the experiments on page 39
